To Stop Check-in Station:

iPad Station:
1) Double click the **home-button** of the iPad and to show your most recently used apps
2) Swipe **left** or **right** until you see the KidCheck App
3) Swipe **up** on the App's Preview page to close the KidCheck App

Android Station:
1) Launch the recent applications menu by double clicking the home-button of the Android tablet.
2) Find the KidCheck Application and swipe to the **right** or **left.**

Note: Force closing an application on Android Tablet will be different depending on the model of the device.
