## FAST, EASY, SECURE CHECK-IN

KidCheck's easy-to-use children's check-in system is simply the best at keeping kids safe, providing peace of mind for parents, and giving you more time to connect with families. As check-in experts, we provide you with an intuitive, proven system that focuses on child safety and continually expanded features to make your job easier. From mobile check-in, youth check-in, and scheduling volunteers to communication tools and free personalized training, we can take care of all your check-in needs from start to finish.

## ✓ EASY FOR ALL

- Easy-to-use mobile check-in makes check-in a breeze
- YouthCheck provides accountable, connected check-in designed for youth
- Volunteer scheduling app easily covers your staffing needs
- Broadcast text and email keeps parents in the know
- Roster Check-In allows you to quickly check in kids with the touch of a button
- Comprehensive reporting tools help you easily track attendance and interpret data

## ✓ SECURITY COMES FIRST

- Child and guardian security codes and watermarks promote a secure environment
- Designated authorized and non-authorized guardians ensure safe pickups
- Easy-to-identify allergy warnings, medical alerts and optional notes put parents' minds at ease

## ✓ FREE TRAINING & SUPPORT

- Expert personal support 6 days a week, including Sundays
- Live personal as well as online training and support is readily available
